Respected Hiring Manager

I am Muhammad Bilal, fresh graduate in BS-CS having expertise in Web Development. I want to work in a well-established organization to utilize my technical skills and improve my experience as a part of organization's growth. I can learn quickly and build logic to solve analytical and mathematical problems. I am excellent in building logic for any problem.

I have worked in front end development using html5, css3, bootstrap, javascript and jquery and in Backend using PHP , MYSQL. I also have knowledge and entry level experience in angular 6. In database systems, have knowledge and entry level experience of working in sql technologies. Have understanding of NoSql(MongoDB) technologies. I have worked on DetNet technologies using Entity framework for Desktop Application. I also had worked in Python to perform analysis using python libraries NUMPY,PANDA .

I am looking forward to an interview to improve myself or for an experience excellent team.

Sincerely,
Muhammad Bilal
